- PRESS RELEASE -

## **Prelim. Design Concepts of North Fourth Street to be shown at Dec. 20<sup>th</sup> Public Open House**

The City of New Richmond will host a public open house meeting on Tuesday, December 20th from 5:30 to 7:00 pm at the City Street Shop - 1006 North Dakota Avenue (one block north of the intersection of North Dakota Ave and North 4<sup>th</sup> Street). The purpose of the open house is to discuss the upcoming reconstruction of North 4<sup>th</sup> Street, which is tentatively scheduled for 2017.

City staff and a representative from the engineering company Short Elliott Hendrickson Inc. (SEH) will provide a presentation that addresses comments received at the first public open house meeting, and unveil preliminary design concepts that were developed to incorporate the feedback received at the first open house. Additionally, City staff will be asking for additional input on several aspects of the project prior to finalizing the design. This will also be an opportunity to ask questions and offer suggestions that may inform the final design. The presentation will begin shortly after 5:30 pm to begin the meeting, but staff will be available for individual conversations throughout the event. As this is an open house, you are welcome to come and leave at any time during the event.

If you are unable to attend the open house but want to learn more, please contact Jeremiah Wendt, the City's Director of Public Works, at 715-246-4268 or [jwendt@newrichmondwi.gov](mailto:jwendt@newrichmondwi.gov). Information will also be uploaded when available on the "Street and Utility Projects" tab on the City's website, [www.newrichmondwi.gov](http://www.newrichmondwi.gov).
