

City of New Richmond CAP Meeting #11 Summary

City Council Workshop Presentation

Beth Thompson provided opening comments followed by Jeff McMenimen (HKGI) and committee chairs as they presented their collaborative PowerPoint presentation reflecting their CAP concepts created during the last six months.

Council members all spoke to their collective deep appreciation for the committee's hard work on the presentation, dedication to the CAP process, and development of wide-ranging ideas and concepts. Mayor Horne commented he wished the presentation was videotaped for all the community to see and suggested efforts be made to present the presentation to community organizations similar to those who were provided with the 2018 city budget presentations. Council member Ard commented on the Cottage housing alternative concept presented by Creating Community. Council member Ard noted this concept has been very popular in other parts of the country and she was glad to see it as a possible option for New Richmond.

Council members congratulated the committee on a job well-done.
